Questions		Points
Comprehension		3.5
I	Choose the best answer . We need28..... animals and plants and29..... them. All humans are going to work together to have beautiful home. If we work hard , we will have clean air and water in30..... future. We will have a31..... place to live. In this way we will save Earth for our children. 28. a) saves b) to save c) saved d) save 29. a) look for b) protect c) injure d) hunt 30. a) a b) this c) ---- d) the 31. a) useful b) useless c) safe d) wonderful	2
J	Read the passage and answer the questions . Animals are amazing examples of wonders of creation. If you try to collect information about them, it seems that you will see interesting great facts. Animals have different bodies and ways of life. These different ways help them live better and easier in nature. There are many interesting things about animals. For example, the biggest whale in the world is 33 meters long. And scientists saw it in Persian Gulf. Crabs are also sea animals. They will kill their wife and eat it. It helps them live longer and healthier. Crocodiles also live in water. They are 25 meters long and 520 kilograms. They can swim easily and find food. They have teeth when they are young and they will have new teeth when they are older. We have a lot of important information about animals on land. For example rhino, is one ton but it can run 30 km in one hour. Also snakes can't hear and just 30% of them are dangerous. And some animals close their ears and sleep so they can have nicer sleep. And nice to know that ostriches' eyes are bigger than their brain so these birds can find their ways easier. 32. Animals have the same bodies and ways of life. (True / False) 33. Crabs love their wives and help them. (True / False) 34. Crocodiles almost have teeth. a) old b) new c) small d) little b) 35. Ostrich's brain is than its eyes. a) bigger b) longer c) fatter d) smaller 36. Why do some animals close their ears when they sleep? 37. What will we find if we collect information about animals?	1.5
